## Roedean School Gender Pay Gap Report 2023

### Background and Requirements

Under the Equality Act 2010 (Gender Pay Gap Information) Regulations 2017, all organisations with more than 250 employees are required to publish the difference in pay between their male and female employees.

This Gender Pay Gap Report shows the difference between male and female average earnings and is expressed as a percentage of male earnings.

There are further key definitions for this report:

The mean gender pay gap - the measure of the difference between the mean hourly rate of pay of male and female members of staff.

The median gender pay gap – the measure of the difference between the median hourly rate of pay of male and female members of staff.

### Key Information

The Report is based on data as at 5<sup>th</sup> April 2023 at which point Roedean employed 347 full-pay relevant employees, of whom 33 % were male and 67 % female.

	<b>Total</b>	<b>Comment</b>
<b>Gender Pay Gap - Mean</b>	6.4 %	Significantly below national average 14.3 %
<b>Gender Pay Gap - Median</b>	-9.5 %	Overall women are paid more than men reflecting the differing numbers and roles of men and women

	<b>Total</b>	<b>Comment</b>
<b>Bonus Gender Pay Gap - Mean</b>	49.4 %	Bonuses are non-contractual, and 163 bonuses were paid this year.
<b>Bonus Gender Pay Gap - Median</b>	29.2 %	
<b>Proportion in receipt of bonus - Male</b>	47 %	
<b>Proportion in receipt of bonus - Female</b>	47 %	

	<b>Female</b>	<b>Male</b>
<b>Upper Quartile</b>	64 %	36 %
<b>Upper Middle Quartile</b>	70 %	30 %
<b>Lower Middle Quartile</b>	64 %	36 %
<b>Lower Quartile</b>	69 %	31 %
<b>Total</b>	67 %	33 %

## Commentary

Roedean School is committed to being inclusive as we see the diverse population of both pupils and staff as one of the School's greatest strengths. In order to ensure everyone can thrive and meet their full potential it is essential that inclusion and equality of opportunity be at the core of all the School's activities, including pay and terms and conditions.

The data above reflects the fact that the School's Gender Pay Gap is significantly lower than the UK average for all employees which is 14.3%. In addition, the proportion of males and females across each quartile is relatively stable indicating that the roles are awarded evenly.

As the graph shows, the School has consistently reported a Gender Pay Gap that is significantly below national levels for all employees.

The School operates incremental pay scales for both teaching and support staff, and these scales take account of seniority of role, experience, professional performance and contribution to school life above and beyond one's role. This system ensures that roles are awarded evenly at all levels, and equal rates are payable irrespective of gender or other characteristics. The rates of pay are regularly reviewed against national averages via participation in research and surveys.

There are no contractual bonus payments, but during the twelve-month period to 5<sup>th</sup> April 2023, 163 bonuses were awarded mostly to help with cost of living increases.

## Actions to address the Gender Pay Gap

In order to ensure that the Gender Pay Gap remains at a low level, and with the target of reducing even further, the School will continue to ensure equality of pay and opportunity, and review its pay structures in line with best practice. The School will always recruit the best individual for a role, regardless of gender or any other qualities, and promote a positive gender balance for all appointments.

## Declaration

I confirm that the calculations accurately reflect the School's position as at 5<sup>th</sup> April 2023, and comply with the requirements of the Equality Act 2010 (Gender Pay Information) Regulations 2017.
